All forward-looking statements in this presentation are qualified by these cautionary statements. These statements are not guarantees of future events or performance and, by their nature, are based on FCA’s estimates and assumptions, which are subject to risks and uncertainties, which could cause actual events or results to differ materially from the forward-looking statements contained in this presentation. Those risks and uncertainties include, but are not limited to, those related to: liquidity in the global marketplace associated with current economic conditions, occupancy levels, access to debt and equity capital, interest rates, the relative illiquidity of real property, unexpected costs or liabilities related to acquisitions or dispositions, construction, environmental matters, legal matters, reliance on key personnel, income taxes, the conditions to the transactions not being satisfied resulting in the failure to complete some or all of the proposed transactions described herein, the trading price of the securities of FCA, lack of availability of acquisition or disposition opportunities for the Trust and exposure to economic, real estate and capital market conditions in North America. Material factors or assumptions that were applied in drawing a conclusion or making an estimate set out in the forward-looking information may include, but are not limited to: that the general economy remains stable, interest rates are relatively stable, acquisition/disposition capitalization rates are stable, competition for acquisition or disposition of residential apartments remains intense, and equity and debt markets continue to provide access to capital. These assumptions, although considered reasonable by the Trust at the time of preparation, may prove to be incorrect. Although the forward-looking information contained in this presentation is based upon what management believes are reasonable assumptions, there can be no assurance that actual results will be consistent with these forward-looking statements. Certain statements included in this presentation may be considered “financial outlook” for purposes of applicable securities laws, and such financial outlook may not be appropriate for purposes other than this presentation. You should not place undue importance on forward-looking information and should not rely upon this information as of any other date. While we may elect to, we are under no obligation and do not undertake to update this information at any particular time.
