PROSPECTUS SUPPLEMENT

To a Short Form Base Shelf Prospectus dated July 17, 2017

New Issue

June 14, 2018

FIRM CAPITAL MORTGAGE INVESTMENT CORPORATION

\$25,000,000

5.40% Convertible Unsecured Subordinated Debentures due June 30, 2025

Firm Capital Mortgage Investment Corporation (the “Corporation”) is hereby qualifying the distribution (the “Offering”) of \$25,000,000 aggregate principal amount of 5.40% convertible unsecured subordinated debentures (the “Debentures”) due June 30, 2025 (the “Maturity Date”) of the Corporation at a price of \$1,000 per Debenture (the “Offering Price”). The Debentures will bear interest at an annual rate of 5.40% payable semi-annually on the last day of June and December of each year (or the immediately following business day if any interest payment date would not otherwise be a business day), commencing on December 31, 2018. The Debentures will be redeemable, in whole or in part, at the option of the Corporation on the terms described in this prospectus supplement. See “Description of the Securities Being Distributed”.

Debenture Conversion Privilege

Each Debenture will be convertible into common shares of the Corporation (“Shares”) at the option of the holder at any time prior to the close of business on the earlier of the Maturity Date and the business day immediately preceding the date specified by the Corporation for redemption of the Debentures, at a conversion price of \$15.00 per Share (the “Conversion Price”), being a conversion rate of approximately 66.6667 Shares per \$1,000 principal amount of Debentures, subject to adjustment in certain events in accordance with the Indenture (as defined herein). Holders converting their Debentures will receive accrued and unpaid interest thereon for the period from the date of the latest interest payment date to, but excluding, the date of conversion. **Notwithstanding the foregoing, no Debentures may be converted during the five business days preceding the last day of June and December in each year, commencing December 31, 2018, as the registers of the Debenture Trustee (as defined herein) will be closed during such periods.**

The Debentures will not be redeemable prior to June 30, 2021. On and after June 30, 2021, but prior to June 20, 2023, the Debentures will be redeemable, in whole or in part, at a price equal to the principal amount thereof, plus accrued and unpaid interest, at the Corporation's sole option on not more than 60 days' and not less than 30 days' prior notice, provided that the weighted average trading price of the Shares on the Toronto Stock Exchange (the "TSX") for the 20 consecutive trading days ending five trading days preceding the date on which notice of redemption is given is not less than 125% of the Conversion Price. On and after June 30, 2023 and prior to the Maturity Date, the Debentures will be redeemable, in whole or in part, at a price equal to the principal amount thereof, plus accrued and unpaid interest, at the Corporation's sole option on not more than 60 days' and not less than 30 days' prior notice.

Subject to regulatory approval and the conditions set out in the Indenture, including that no Event of Default (as defined herein) has occurred and is continuing, the Corporation may, at its option, on not more than 60 days' and not less than 40 days' prior notice, elect to satisfy its obligation to pay the principal amount of the Debentures that are to be redeemed or the principal amount of and premium (if any) on the Debentures that are to mature by issuing and delivering for each \$100 due, that number of freely tradeable Shares obtained by dividing the \$100 principal amount of the Debentures that is to be redeemed or that are to mature, as the case may be, by 95% of the weighted average trading price of the Shares on the TSX for the 20 consecutive trading days ending on the fifth trading day preceding the date fixed for redemption or maturity, as the case may be. Interest accrued and unpaid on the Debentures that are to be redeemed or that are to mature will be paid to holders of Debentures in cash.

The Corporation may also elect, from time to time, subject to any required regulatory approval and provided that no Event of Default has occurred and is continuing, to satisfy all or part of its interest payment obligations by delivering sufficient freely tradeable Shares to the Debenture Trustee for sale, in which event holders of Debentures will be entitled to receive, from the proceeds of the sale of the requisite number of Shares by the Debenture Trustee, a cash payment equal to the interest owed. Further particulars concerning the attributes of the Debentures are set out under "Description of the Securities Being Distributed".

The Offering Price was determined by negotiation between the Corporation and TD Securities Inc., CIBC World Markets Inc., Scotia Capital Inc., Canaccord Genuity Corp., National Bank Financial Inc., RBC Dominion Securities Inc., Desjardins Securities Inc., Industrial Alliance Securities Inc., Echelon Wealth Partners Inc. and GMP Securities L.P. (collectively, the "Underwriters"). See "Plan of Distribution".

The Debentures will be listed under the symbol "FC.DB.I". **Investing in the Debentures is subject to certain risks. See "Forward-Looking Statements" and "Risk Factors".** On June 13, 2018, the last full trading day before the announcement of the Offering, the closing price of the Shares on the TSX was \$13.22 per Share. The Corporation has applied to have the Debentures (and the Shares issuable upon conversion, redemption or maturity of the Debentures) listed on the TSX. Listing will be subject to the Corporation fulfilling all of the requirements of the TSX.

Offering Price: \$1,000 per Debenture

	<u>Price to the Public</u>	<u>Underwriters' Fee</u>	<u>Net Proceeds to the Corporation⁽¹⁾</u>
Per Debenture	\$1,000	\$40 or 4.0%	\$960.00
Total ⁽²⁾	\$25,000,000	\$1,000,000	\$24,000,000

Notes

- (1) Before deducting the expenses of the Offering, estimated at \$125,000, which, together with the Underwriters' fee, the Corporation will pay from the proceeds of the Offering.
- (2) The Corporation has granted the Underwriters an over-allotment option exercisable in whole or in part by the Underwriters at any time up to 30 days after the Closing (as defined herein) to purchase up to an additional \$3,750,000 aggregate principal amount of Debentures (the "Over-Allotment Option"), at the Offering Price (plus accrued interest from the initial closing of the Offering to the closing of the issuance

of the Debentures on the exercise of the Over Allotment Option). If the Over-Allotment Option is exercised in full, the total “Price to the Public”, “Underwriters’ Fee” and “Net Proceeds to the Corporation” will be \$28,750,000, \$1,150,000 and \$27,600,000, respectively (excluding accrued interest paid in respect of such Debentures). This prospectus supplement qualifies the grant of the Over-Allotment Option and the issuance of the Debentures on the exercise of the Over-Allotment Option. A purchaser who acquires Debentures forming part of the Underwriters’ over-allocation position acquires those Debentures under this prospectus supplement, regardless of whether the over-allocation position is ultimately filled through the exercise of the Over-Allotment Option or secondary market purchases. See “Plan of Distribution”.

<u>Underwriters’ Position</u>	<u>Maximum Size or Number of Debentures Available</u>	<u>Exercise Period</u>	<u>Exercise Price</u>
Over-Allotment Option	\$3,750,000 aggregate principal amount of Debentures, if exercised in full (being 15% of the Debentures sold pursuant to the Offering)	30 days after the Closing	\$1,000 per Debenture

The Underwriters, as principals, conditionally offer the Debentures, subject to prior sale, if, as and when issued by the Corporation and accepted by the Underwriters in accordance with the conditions contained in the Underwriting Agreement referred to under “Plan of Distribution” and subject to approval of certain legal matters relating to the qualification for distribution of the Debentures on behalf of the Corporation by Miller Thomson LLP and on behalf of the Underwriters by Gowling WLG (Canada) LLP.

TD Securities Inc. is, directly or indirectly, a subsidiary or affiliate of a Canadian chartered bank that is a lender to the Corporation. Consequently, the Corporation may be considered a connected issuer of TD Securities Inc. under applicable Canadian securities legislation. Certain of the net proceeds of the Offering may be used to repay a portion of the Corporation’s indebtedness under the Operating Facility (as defined herein under “Relationship Between the Corporation and a Certain Underwriter”). See “Relationship Between the Corporation and a Certain Underwriter” and “Plan of Distribution”.

The Corporation is a corporation formed and existing under the laws of Canada. The Corporation is a non-bank lender providing and investing in predominantly short term residential and commercial real estate financing. See “Summary Description of the Business”. The registered and head office of the Corporation is located at 163 Cartwright Avenue, Toronto, Ontario, M6A 1V5. Geoffrey Bledin, a director of the Corporation, resides outside of Canada and has appointed the Corporation located at 163 Cartwright Avenue, Toronto, Ontario, M6A 1V5, as his representative agent for service of process in Canada. It may not be possible for investors to enforce judgments obtained in Canada against directors and officers of the Corporation that reside outside of Canada.

Subscriptions for Debentures offered under this prospectus supplement will be received subject to rejection or allotment, in whole or in part, and the right is reserved to close the subscription books at any time without notice. In connection with the Offering, the Underwriters may over-allot or effect transactions which stabilize or maintain the market price of the Debentures at levels other than those which may otherwise exist in the open market. Such transactions, if commenced, may be discontinued at any time. **In certain circumstances, the Underwriters may offer the Debentures at a price lower than the Offering Price specified in this prospectus supplement. See “Plan of Distribution”.** It is expected that the closing of the Offering will be held on or about June 21, 2018 or such other date as the Corporation and the Underwriters may agree upon (the “Closing”). A certificate for the aggregate principal amount of the Debentures will be issued in registered form to CDS Clearing Depository Services Inc. (“CDS”) and will be deposited with CDS on the date of Closing. No certificates evidencing the Debentures will be issued to purchasers, except in certain limited circumstances, and registration will be made in the depository service of CDS. Purchasers of the Debentures will receive only a customer confirmation from the Underwriter or other registered dealer who is a CDS participant and from or through whom a beneficial interest in the Debentures is purchased. See “Description of the Securities Being Distributed”.

Shares are not “deposits” within the meaning of the *Canada Deposit Insurance Corporation Act (Canada)* and are not insured under the provisions of that Act or any other legislation. A return on an investment in Shares in the event you receive Shares upon the conversion, redemption or repayment at maturity of the Debentures in accordance with their terms is not comparable to the return on an investment in a fixed-income security. If you receive Shares on the conversion, redemption or maturity of the Debentures, the recovery of your initial investment in the Shares is at risk, and the anticipated return on your investment is based on certain performance assumptions.

Although the Corporation intends to make distributions of its available cash to its shareholders (the “**Shareholders**”), these cash distributions may be reduced or suspended. The actual amount distributed will depend on numerous factors disclosed in the Corporation’s continuous disclosure documents including the financial performance of the properties in its portfolio, its debt covenants and obligations, its working capital requirements and its future capital requirements. In addition, the market value of the Shares may decline if the Corporation is unable to meet its cash distribution targets in the future, and that decline may be significant. An investment in the Shares is subject to certain risk factors. Please see “Risk Factors”.

Each investor should seek independent advice regarding tax consequences of acquiring, holding and disposing of Debentures and Shares issuable on the conversion, redemption or maturity of Debentures which are applicable to his, her or its particular circumstances. See “Certain Canadian Federal Income Tax Considerations” in this prospectus supplement.

All monetary amounts used herein are in Canadian dollars, unless otherwise indicated.

IMPORTANT NOTICE ABOUT INFORMATION IN THIS PROSPECTUS SUPPLEMENT AND THE ACCOMPANYING PROSPECTUS

This document consists of two parts. The first part is this prospectus supplement, which describes certain terms of the securities the Corporation is offering and also adds to and updates certain information contained in the Prospectus and the documents incorporated by reference therein. The second part, the Prospectus, gives more general information, some of which may not apply to the Debentures offered hereunder. Defined terms or abbreviations used in this prospectus supplement that are not defined herein have the meanings ascribed thereto in the Prospectus.

Investors should rely only on the information contained in this prospectus supplement or incorporated by reference into the Prospectus. The Corporation has not, and the Underwriters have not, authorized anyone to provide investors with different or additional information. The Corporation is not, and the Underwriters are not, making an offer to sell the Debentures in any jurisdiction where the offer or sale is not permitted. Investors should not assume that the information appearing in this prospectus supplement, the Prospectus or any documents incorporated by reference into the Prospectus, is accurate as of any date other than the date on the front of those documents, as the Corporation's business, operating results, financial condition and prospects may have changed since that date.

DOCUMENTS INCORPORATED BY REFERENCE

This prospectus supplement is deemed to be incorporated by reference into the Prospectus solely for the purposes of the Offering of the Debentures. Other documents are also incorporated or deemed to be incorporated by reference into the Prospectus and reference should be made to the Prospectus for full particulars. Copies of the documents incorporated herein by reference may be obtained on request without charge from the Secretary of the Corporation at 163 Cartwright Avenue, Toronto, Ontario, M6A 1V5, telephone (416) 635-0221 and are also available electronically at www.sedar.com.

See “Documents Incorporated by Reference” in the Prospectus. As of the date hereof, the following documents filed with the securities commissions or similar authorities in each of the provinces of Canada are specifically incorporated by reference into and form an integral part of the Prospectus:

- (a) the Corporation’s audited financial statements and the notes thereto for the years ended December 31, 2017 and 2016, together with the auditors’ report thereon;
- (b) management’s discussion and analysis of the Corporation’s financial results of operations for the year ended December 31, 2017;
- (c) the Corporation’s annual information form for the year ended December 31, 2017, dated March 20, 2018 (the “AIF”);
- (d) the Corporation’s management information circular dated May 4, 2018 relating to the Corporation’s annual meeting of Shareholders held on June 6, 2018;
- (e) the Corporation’s unaudited interim financial statements and the notes thereto for the three months ended March 31, 2018;
- (f) management’s discussion and analysis of the Corporation’s financial results for the three months ended March 31, 2018; and
- (g) the term sheet dated June 12, 2018 filed on SEDAR in connection with the Offering (the “Marketing Materials”).

Any documents of the type referred to above as well as all other documents disclosing additional or updated information filed by the Corporation with the securities regulatory authorities in Canada after the date of this prospectus supplement and prior to the termination of the Offering shall be deemed to be incorporated by reference into this prospectus supplement, as prescribed by applicable securities laws.

Any statement contained in the Prospectus, in this prospectus supplement or in any other document (or part thereof) incorporated or deemed to be incorporated by reference into the Prospectus shall be deemed to be modified or superseded for the purposes of this prospectus supplement to the extent that a statement contained herein or in any other subsequently filed document which also is, or is deemed to be, incorporated by reference in the Prospectus modifies or supersedes such statement. The modifying or superseding statement need not state that it has modified or superseded a prior statement or include any other information set forth in the document that it modifies or supersedes. The making of a modifying or superseding statement shall not be deemed an admission for any purposes that the modified or superseded statement, when made, constituted a misrepresentation, an untrue statement of a material fact or an omission to state a material fact that is required to be stated or that is necessary to make a statement not misleading in light of the circumstances in which it was made. Any statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this prospectus supplement or the Prospectus.

MARKETING MATERIALS

The Marketing Materials are not part of this prospectus supplement to the extent that the contents of the Marketing Materials have been modified or superseded by a statement contained in this prospectus supplement. Any template version of “marketing materials” (as defined in National Instrument 41-101 – *General Prospectus Requirements*) filed after the date of this prospectus supplement and before the termination of the distribution under the Offering (including any amendments to, or an amended version of, the Marketing Materials) is deemed to be incorporated into this prospectus supplement.

FORWARD-LOOKING STATEMENTS

This prospectus supplement, the Prospectus and certain documents incorporated by reference into the Prospectus, contain forward-looking statements within the meaning of applicable securities laws, including, among others, statements relating to the Corporation’s objectives and strategies to achieve those objectives, the Corporation’s beliefs, plans, estimates and intentions, and similar statements concerning anticipated future events, results, circumstances, performance or expectations that are not historical facts. Forward-looking statements generally can be identified by words such as “outlook”, “objective”, “may”, “will”, “expect”, “intend”, “estimate”, “anticipate”, “believe”, “should”, “plans” or “continue” or similar expressions suggesting future outcomes or events. Such forward-looking statements reflect the Corporation’s beliefs at the time such statements are made and are based on information available to management at the time such statements are made. Forward-looking statements are provided for the purpose of presenting information about management’s current expectations and plans relating to the future and readers are cautioned that such statements may not be appropriate for other purposes. These statements are not guarantees of future performance and are based on the Corporation’s estimates and assumptions that are subject to risks and uncertainties, including those described under “Risk Factors” below and those discussed in the Corporation’s materials filed with the Canadian securities regulatory authorities from time to time, which could cause the actual results and performance of the Corporation to differ materially from the forward-looking statements contained in this prospectus supplement, the Prospectus and the documents incorporated by reference into the Prospectus. These risks and uncertainties include, among other things, risks related to: mortgage lending; competition for mortgage lending; real estate values; interest rate fluctuations; environmental matters; shareholder liability; the price of the Shares; availability of cash for distributions; liquidity; credit risk; exchange rate and other debt related risks; decisions taken by regulators on monetary policy; the state of the Canadian and the U.S. economies and accompanying business climate; tax risk; ability to access capital markets; dilution; government regulation; potential conflicts of interest; redemption rights; statutory remedies; and the tax position and consequences unique to each security holder. Material factors or assumptions that were applied in drawing a conclusion or making an estimate set out in the forward-looking information include that there is not a significant decline in the value of the general real estate market, that interest rates remain relatively stable and the Corporation is able to invest in mortgages at rates consistent with rates historically achieved, that adequate mortgage investment opportunities are presented to the Corporation, that adequate bank indebtedness and bank loans are available to the Corporation, as well as the factors identified throughout this prospectus supplement and in particular, the “Risk Factors” section of this prospectus supplement. The Corporation cautions that this list of factors is not exhaustive. Although the forward-looking statements contained in this prospectus supplement, the Prospectus and the documents incorporated by reference into the Prospectus, are based upon what the Corporation believes are reasonable assumptions, there can be no assurance that actual results will be consistent with these forward-looking statements.

All forward-looking statements in this prospectus supplement, the Prospectus and the documents incorporated by reference into the Prospectus, are qualified by these cautionary statements. The forward-looking statements are made only as of the date that such statements are made and the Corporation, except as required by applicable law, assumes no obligation to update or revise them to reflect new information or the occurrence of future events or circumstances.

ELIGIBILITY FOR INVESTMENT

In the opinion of Miller Thomson LLP, counsel to the Corporation, and Gowling WLG (Canada) LLP, counsel to the Underwriters, subject to the qualifications and assumptions discussed under “Certain Canadian Federal Income Tax Considerations”, provided the Shares are listed on a “designated stock exchange” for purposes of the *Income Tax Act* (Canada) (the “**Tax Act**”) (which currently includes the TSX) on the date of Closing, the Debentures will, as at the date of Closing, and the Shares issuable on conversion, redemption or maturity of the Debentures would, if issued on such date, be qualified investments under the Tax Act and the regulations thereunder for trusts governed by registered retirement savings plans (“**RRSPs**”), registered retirement income funds (“**RRIFs**”), deferred profit sharing plans (“**DPSPs**”) (except, in the case of the Debentures, a DPSP to which the Corporation, or any employer that does not deal at arm’s length with the Corporation, has made a contribution) registered disability savings plans (“**RDSPs**”), registered education savings plans (“**RESPs**”) and tax-free savings accounts (“**TFSAs**”) and collectively, “**Plans**”), each as defined in the Tax Act. The Debentures will also be qualified investments for such Plans if the Debentures are listed on a designated stock exchange.

The Shares will also be qualified investments for such Plans if at the particular time, the Corporation qualifies as a “mortgage investment corporation” (within the meaning of subsection 130.1(6) of the Tax Act) (a “**MIC**”) throughout a taxation year and if throughout the calendar year in which the particular time occurs, the Corporation does not hold any indebtedness, whether by way of mortgage or otherwise, of a person who is an annuitant, a beneficiary, an employer, or a subscriber under, or a holder of, the Plan, or of any other person who does not deal at arm’s length with that person.

Notwithstanding the foregoing, if the Debentures and/or the Shares issuable on the conversion, redemption or maturity of the Debentures, as the case may be, are a “prohibited investment” (as defined in the Tax Act) for a trust governed by an RRSP, RRIF, RDSP, RESP or TFSA, the holder, annuitant or subscriber thereof, as applicable, will be subject to a penalty tax under the Tax Act. Debentures and Shares issuable on conversion, redemption or maturity of the Debentures will generally be a prohibited investment for an RRSP, RRIF, RDSP, RESP or TFSA, if the holder, annuitant or subscriber thereof, as applicable, does not deal at arm’s length with the Corporation for purposes of the Tax Act or has a “significant interest” (within the meaning of the Tax Act) in the Corporation. Shares will not be prohibited investments if they are “excluded property” as defined in the Tax Act for RRSPs, RRIFs, RDSPs, RESPs or TFSAs. **Prospective investors who intend to hold Debentures and/or Shares issuable on the conversion, redemption or maturity of the Debentures in a Plan are advised to consult their own tax advisors.**

SUMMARY DESCRIPTION OF THE BUSINESS

Overview

The Corporation is a non-bank lender providing and investing in predominantly short term residential and commercial real estate financing, and achieves its investment objectives by pursuing a strategy of investing in selected niche real estate finance markets that are under-serviced by larger financial institutions. The Corporation invests in mortgages secured by all types of residential and commercial real property, subject to compliance with the Corporation's investment policies. The types of properties that the Corporation finances includes residential houses, small multi-family residential properties comprised of six or fewer units, residential apartment buildings, mixed-use residential apartments and store-front properties, investment properties, land and development sites, as well as development and construction projects. The Corporation also invests in all forms of short-term bridge financing for residential and commercial real estate (including, primarily, construction loans for such properties). The Corporation invests in various Non-Conventional Mortgages (as defined herein), either alone or in participation with other lenders, the principal types of which include equity and participating mortgage loans, joint venture financing for builders and developers, mezzanine and subordinated mortgage debt for investment properties, partnership capital, and distressed mortgage debt purchases. In this prospectus supplement, "Non-Conventional Mortgages" means, without limitation, mortgage investments that exceed, or may exceed, 75% of the appraised value of the real property underlying such mortgages as determined by a qualified appraiser, such as mezzanine and subordinated debt, participating mortgages, discounted debt and joint venture mortgages. Additionally, subject to compliance with the Corporation's investment policies, the Corporation invests in commercial mortgage backed securities and publicly-traded bonds issued by Canadian real estate investment trusts and real estate corporations as well as Related Investments. In this prospectus supplement, "Related Investments" means (i) a direct investment in real property resulting from the Corporation's equity, mezzanine and other investment transactions, (ii) a bond, debenture, note or other evidence of indebtedness, or a share, unit or other evidence of ownership, in a person (other than an individual) engaged in real estate development, lending or the funding or holding of mortgages, and (iii) a mortgage that is not registered at the appropriate registry office.

The objectives of the Corporation are to (i) preserve Shareholders' equity, and (ii) provide a return on Shareholders' equity in excess of 400 basis points above the yield to maturity on one year Government of Canada treasury bills. The Corporation aims to provide Shareholders with stable and secure cash distributions from investments in mortgage loans in market segments which are under-serviced by large financial institutions and seeks to maximize yields, dividends and Share value through the sourcing and efficient management of its mortgage investments in such market segments. To achieve these objectives, the Corporation benefits from Firm Capital Corporation's (the "**Mortgage Banker**") experience in originating, underwriting, syndicating and servicing mortgage investments. All mortgage investments are subject to specific investment policies and the operation of the Corporation is subject to specific operating policies.

The Corporation is qualified, and intends to continue to qualify, as a MIC under the Tax Act. As a MIC, the Corporation is entitled to deduct from its taxable income for a particular taxation year (i) all taxable dividends, other than capital gains dividends, paid by the Corporation during the year or within 90 days after the end of the year to the extent that those dividends were not deductible by the Corporation in computing its income for the preceding year, and (ii) one-half of all capital gains dividends paid by the Corporation during the period commencing 91 days after the commencement of the year and ending 90 days after the end of the year. In order to maintain its status as a MIC, the Corporation must continually meet all of the criteria enumerated in the relevant section of the Tax Act throughout such taxation year. The Corporation intends to distribute enough of its annual operations profit to its Shareholders through the payment of monthly dividends of available cash so as to minimize or eliminate its own liability for tax under the Tax Act. See "Certain Canadian Federal Income Tax Considerations". Notwithstanding the foregoing, the decision to pay dividends is at the sole discretion of the board of directors of the Corporation (the "**Directors**"). The Corporation currently pays regular monthly dividends of \$0.078 per Share.

The Directors are responsible for the general control and direction of the Corporation, FC Treasury Management Inc. supervises the day-to-day management and operations of the Corporation and the Mortgage Banker originates and underwrites all mortgage investments on behalf of the Corporation and services the Corporation's gross mortgage portfolio.

The Mortgage Banker has a continuous portfolio of committed mortgage investments that are presented to the Corporation from time to time for investment, pursuant to the right of first refusal granted to the Corporation in accordance with the mortgage banking agreement between the Corporation and the Mortgage Banker (the “**Committed Mortgages**”).

See “General Development of the Corporation” and “Narrative Description of the Activities of the Corporation” in the AIF incorporated by reference in this prospectus supplement for a detailed description of the business of the Corporation and its investment strategy.

Recent Developments

On March 29, 2018, the Corporation announced the following senior management changes: (i) Jonathan Mair, who held the position of Chief Financial Officer prior to the announcement, assumed the role of Executive Vice President & Chief Operating Officer of the Corporation; (ii) Boris Baril assumed the role of Chief Financial Officer of the Corporation; (iii) Sandy Poklar, who held the position of Chief Operating Officer prior to the announcement, assumed the role of Executive Vice President & Managing Director, Finance of the Corporation. The Corporation also announced a dividend on the outstanding Shares in the amount of \$0.078 per Share.

On June 6, 2018, the Corporation announced the voting results of its annual general meeting of Shareholders. All matters considered by Shareholders at the meeting were approved, details of which are contained in the report on voting results filed by the Corporation on SEDAR at www.sedar.com in respect of the meeting.

USE OF PROCEEDS

The net proceeds to the Corporation from the Offering (after deducting the Underwriters’ fee of \$1,000,000 and before deducting the estimated expenses of this Offering of \$125,000 will be approximately \$24,000,000. If the Over-Allotment Option is exercised in full, the net proceeds to the Corporation (after deducting the Underwriters’ fee of \$1,150,000 and before deducting the estimated expenses of this Offering of \$125,000 will be approximately \$27,600,000.

The net proceeds of the Offering will be used (i) to repay a portion of the Corporation’s indebtedness under the Operating Facility, which as of June 13, 2018 had an outstanding balance owing of \$64,599,064, (ii) to fund new investments, and (iii) for general corporate purposes. The Corporation’s indebtedness under the Operating Facility is used by the Corporation for the purpose of providing funding for general operating expenses of the Corporation and working capital for the Corporation, including for the purpose of making advances under Committed Mortgages and additional funding of existing mortgages.

EARNINGS COVERAGE RATIO

The following earnings coverage ratios of the Corporation have been calculated on a consolidated basis for the 12-month periods ended December 31, 2017 and March 31, 2018, and set out *pro forma* the Corporation's interest requirements on a consolidated basis after giving effect to: (i) the changes in the Corporation's indebtedness not reflected in the Corporation's audited annual financial statements for the year ended December 31, 2017 and the Corporation's unaudited interim financial statements for the three months ended March 31, 2018, (ii) the issue of the Debentures, and (iii) the use of the proceeds of the Offering, net of the issue costs to the Corporation.

	12 Months Ended December 31, 2017 <i>pro forma</i> after giving effect to the issuance of the Debentures	12 Months Ended March 31, 2018 <i>pro forma</i> after giving effect to the issuance of the Debentures

Notes

- (1) Interest on the Corporation's bank indebtedness is based on current rates, the details of which are disclosed in the Corporation's audited financial statements for the year ended December 31, 2017 and includes all new mortgage investments up to June 13, 2018.
- (2) Interest on the Corporation's bank indebtedness is based on current rates, the details of which are disclosed in the Corporation's unaudited interim financial statements for the three months ended March 31, 2018 and includes all new mortgage investments up to June 13, 2018.
- (3) Earnings coverage is equal to net income before interest expense and taxes divided by interest expense on all debt. The ratio has been calculated after giving effect to the anticipated repayment of the Operating Facility.

CONSOLIDATED CAPITALIZATION

There have been no material changes in the equity or loan capital structure of the Corporation since March 31, 2018, except that between April 1, 2018 and the date of this prospectus supplement, the Corporation has net advanced an additional \$4.3 million in terms of net new mortgage investments which were funded by bank indebtedness and cash on hand. See “Use of Proceeds” and “Relationship Between the Corporation and a Certain Underwriter”.

After giving effect to the Offering, including the Over-Allotment Option and the use of proceeds as discussed herein, the following table sets forth the Corporation’s capitalization.

	As at March 31, 2018	
	Actual	<i>Pro Forma As Adjusted</i>
Bank Indebtedness ⁽¹⁾	\$55,878,622	\$40,724,064
Loans Payable	\$48,207,928	\$43,511,991
Debentures ⁽²⁾⁽³⁾	\$163,223,000	\$188,223,000
Shareholders’ equity ⁽⁴⁾	\$279,422,415	\$279,422,415
Total capitalization	\$546,731,965	\$551,881,470

Notes

- (1) The *pro forma* calculation of bank indebtedness is based on the principal amount outstanding under the Operating Facility as of June 13, 2018 being \$64,599,064, less the use of the net proceeds of the Offering to repay a portion of such indebtedness. See “Use of Proceeds”.
- (2) Excludes up to \$3,750,000 principal amount of debentures, which may be issued on exercise of over-allotment-options.
- (3) Represents the face value of the convertible debentures of the Corporation without deducting the fair value of the conversion option (being the equity component of the convertible debentures of the Corporation) and unamortized issue costs. Under IFRS, the convertible debentures of the Corporation will be included as a liability, net of the fair value of the conversion feature, which will be included as equity, and net of issue costs. The equity portion, calculated using the American binomial option pricing model, is estimated to be approximately \$307,000 (net of issue costs). The portion of the convertible debentures of the Corporation classified as a liability will be accreted by a charge to interest expense over the term of the convertible debentures of the Corporation to increase the carrying value of the liability up to the principal balance of the outstanding convertible debentures of the Corporation on the applicable maturity date.
- (4) Excludes (i) the equity component of any issued and outstanding convertible debentures of the Corporation and the write off of unamortized issue costs, and (ii) fair value adjustment for convertible debentures of the Corporation as at March 31, 2018, as this consolidated capitalization table shows convertible debentures at face value.

DESCRIPTION OF THE SECURITIES BEING DISTRIBUTED

The Debentures consist of \$25,000,000 aggregate principal amount of 5.40% convertible unsecured subordinated debentures due June 30, 2025. The following is a summary of the material attributes and characteristics of the Debentures and is subject to, and qualified in its entirety by, reference to the terms of a trust indenture dated April 24, 2006, as supplemented by a supplemental indenture dated October 13, 2010, a second supplemental indenture dated January 1, 2011, a third supplemental indenture dated August 23, 2011, a fourth supplemental indenture dated March 21, 2012, a fifth supplemental indenture dated March 28, 2013, a sixth supplemental indenture dated April 17, 2015, a seventh supplemental indenture dated December 22, 2015, an eighth supplemental indenture dated December 21, 2016, a ninth supplemental indenture dated June 27, 2017 and a tenth supplemental indenture to be dated as of the date of Closing (collectively, the “**Indenture**”), in each case between the Corporation and Computershare Trust Company of Canada (the “**Debenture Trustee**”), as trustee. This summary does not purport to be complete and is subject to and qualified in its entirety by the terms of the Debentures and the Indenture. The Corporation may, from time to time, without the consent of the holders of the Debentures, issue additional debentures of the same series or of a different series under the Indenture, in addition to the Debentures offered hereby. When used in this prospectus supplement under “Description of the Securities Being Distributed”, the following terms have the respective meanings set forth below:

“**Change of Control**” means the acquisition by any person, or group of persons acting jointly or in concert, of voting control or direction of an aggregate of 66⅔% or more of the outstanding Shares, or securities convertible into or carrying the right to acquire 66⅔% or more of the Shares;

“**Current Market Price**” means the volume weighted average trading price of the Shares on the TSX for the 20 consecutive trading days ending on the fifth trading day preceding the date of the applicable event;

“**Event of Default**” has the meaning given to it in the Indenture, and includes the occurrence and continuation of any one or more of the following events with respect to the Debentures: (a) failure for 10 days to pay interest on the Debentures when due; (b) failure to pay principal or premium, if any, when due on the Debentures, whether at maturity, upon redemption, by declaration or otherwise; (c) certain events of bankruptcy, insolvency or reorganization of the Corporation under bankruptcy or insolvency laws; or (d) default in the observance or performance of any material covenant or condition of the Indenture and continuance of such default for a period of 30 days after notice in writing has been given by the Debenture Trustee to the Corporation specifying such default and requiring the Corporation to rectify the same;

“**Interest Payment Date**” means the last day of June and December in each year; and

“**Share Interest Payment Election**” means an election by the Corporation, subject to any required regulatory approval and provided that no Event of Default has occurred and is continuing, to satisfy all or part of its interest payment obligations on the Debentures in accordance with the Indenture by delivering a sufficient number of Shares to the Debenture Trustee for sale, in which event holders of Debentures will be entitled to receive a cash payment equal to the interest owed from the proceeds of the sale of the requisite number of Shares by the Debenture Trustee.

Debentures, Interest Rate and Maturity

The Debentures to be issued pursuant to the Offering will be issued under the Indenture and will be in the aggregate principal amount of \$25,000,000 (plus any Debentures issued upon exercise of the Over-Allotment Option). The Corporation may, from time to time, without the consent of the holders of the Debentures, issue additional debentures of the same series or of a different series under the Indenture, in addition to the Debentures offered hereby.

The Debentures will be dated as of the closing of the Offering and will mature on June 30, 2025. The Debentures will be issuable only in denominations of \$1,000 and integral multiples thereof.

The Debentures will bear interest from and including the date of issue at 5.40% per annum, which will be payable semi-annually on the last day of June and December of each year commencing on December 31, 2018. The first interest payment will include interest accrued from the closing of the Offering to, but excluding December 31, 2018.

The principal amount of the Debentures will be payable in lawful money of Canada or, at the option of the Corporation and subject to applicable regulatory approval, by delivery of Shares as further described under “Payment upon Redemption or Maturity” and “Redemption and Purchase”. The interest on the Debentures will be payable in lawful money of Canada and, at the option of the Corporation and subject to applicable regulatory approval, in accordance with the Share Interest Payment Election as described under “Share Interest Payment Election”.

The Debentures will be direct obligations of the Corporation and will not be secured by any mortgage, pledge, hypothecation or other charge and will be subordinated to other liabilities of the Corporation as described under “Subordination”. The Indenture does not and will not restrict the Corporation from incurring additional indebtedness for borrowed money or from mortgaging, pledging or charging its properties to secure any indebtedness.

Conversion Privilege

The Debentures will be convertible into fully paid and non-assessable Shares at the option of the holder at any time prior to the close of business on the earlier of the Maturity Date and the business day immediately preceding the date fixed for redemption of the Debentures, at the Conversion Price, being a conversion rate of approximately 66.6667 Shares for each \$1,000 principal amount of Debentures. No adjustment will be made for distributions on Shares issuable upon conversion; however, holders converting their Debentures will receive accrued and unpaid interest thereon for the period from the date of the latest Interest Payment Date to, but excluding, the date of conversion. **Notwithstanding the foregoing, no Debentures may be converted during the five business days preceding the last day of June and December in each year, commencing December 31, 2018, as the registers of the Debenture Trustee will be closed during such periods.**

Subject to the provisions thereof, the Indenture will provide for the adjustment of the Conversion Price upon the occurrence of certain events, including: (a) the subdivision or consolidation of the outstanding Shares; (b) the distribution of Shares to holders of Shares by way of distribution or otherwise other than an issue of securities to holders of Shares who have elected to receive distributions in securities of the Corporation in lieu of receiving cash distributions paid in the ordinary course; (c) the issuance of options, rights or warrants to holders of Shares entitling them to acquire Shares or other securities convertible into Shares at less than 95% of the then Current Market Price of the Shares; and (d) the distribution to all holders of Shares of any securities or assets (other than cash distributions and equivalent distributions in securities paid in lieu of cash distributions in the ordinary course). There will be no adjustment of the Conversion Price in respect of any event described in (b), (c) or (d) above if the holders of the Debentures are allowed to participate as though they had converted their Debentures prior to the applicable record date or effective date. The Corporation will not be required to make adjustments in the Conversion Price unless the cumulative effect of such adjustments would change the Conversion Price by at least 1%.

In the case of any reclassification or capital reorganization (other than a change resulting from consolidation or subdivision) of the Shares, or in the case of any consolidation, combination or merger of the Corporation with or into any other entity, or in the case of any sale or conveyance of the properties and assets of the Corporation as, or substantially as, an entirety to any other entity, or a liquidation, dissolution or winding-up of the Corporation, the terms of the conversion privilege shall be adjusted so that each holder of a Debenture shall, after such reclassification, capital reorganization, consolidation, combination, merger, sale, conveyance, liquidation, dissolution or winding-up, be entitled to receive the number of Shares or other securities or other property on the exercise of the conversion right that such holder would be entitled to receive if on the effective date thereof, it had been the holder of the number of Shares into which the Debenture was convertible prior to the effective date of such reclassification, capital reorganization, consolidation, combination, merger, sale, conveyance, liquidation, dissolution or winding-up.

No fractional Shares will be issued on any conversion, but in lieu thereof, the Corporation shall satisfy fractional interests by a cash payment equal to the Current Market Price of any fractional interest.

Redemption and Purchase

The Debentures will not be redeemable prior to June 30, 2021. On and after June 30, 2021, but prior to June 20, 2023, the Debentures will be redeemable, in whole or in part, at a price equal to the principal amount thereof, plus accrued and unpaid interest, at the Corporation’s sole option on not more than 60 days’ and not less

than 30 days' prior notice, provided that the Current Market Price on the date on which notice of redemption is given is not less than 125% of the Conversion Price. On or after June 30, 2023 and prior to the Maturity Date, the Debentures will be redeemable, in whole or in part, at a price equal to the principal amount thereof, plus accrued and unpaid interest, at the Corporation's sole option on not more than 60 days' and not less than 30 days' prior notice.

In the case of redemption of less than all of the Debentures, the Debentures to be redeemed will be selected by the Debenture Trustee on a pro rata basis or in such other manner as the Debenture Trustee deems equitable, subject to the consent of the TSX.

Provided that no Event of Default has occurred and is continuing, the Corporation will have the right to purchase Debentures in the market, by tender or by private contract, subject to regulatory requirements.

Payment upon Redemption or Maturity

On redemption or at maturity, the Corporation will repay the indebtedness represented by the Debentures by paying to the Debenture Trustee in lawful money of Canada an amount required to repay the principal amount of the outstanding Debentures, together with accrued and unpaid interest thereon. The Corporation may, at its option, on not more than 60 days' and not less than 40 days' prior notice and subject to applicable regulatory approval and the conditions set out in the Indenture, elect to satisfy its obligation to repay all or any portion of the principal amount of and premium (if any) on the Debentures that are to be redeemed or that are to mature, as the case may be, by issuing and delivering freely tradeable Shares to the holders of the Debentures. The number of Shares to be issued in respect of each Debenture will be determined by dividing \$100 by 95% of the Current Market Price on the date fixed for redemption or maturity, as the case may be. No fractional Shares will be issued on redemption or maturity but in lieu thereof the Corporation shall satisfy fractional interests by a cash payment equal to the Current Market Price of any fractional interest.

Share Interest Payment Election

The Corporation may elect, from time to time, subject to regulatory approval and provided that no Event of Default has occurred and is continuing, to satisfy its obligation to pay interest on the Debentures (the "**Interest Obligation**") on the date it is payable under the Indenture, by issuing a sufficient number of Shares required to satisfy all or any part of the Interest Obligation in accordance with the Indenture (the "**Share Interest Payment Election**"). The Indenture provides that, upon such election, the Debenture Trustee (directly or indirectly) shall have the power to: (a) accept delivery from the Corporation of Shares, (b) consummate sales of such Shares, each as the Corporation shall direct in its absolute discretion, (c) invest the proceeds of such sales in short-term permitted government securities (as defined in the Indenture) that mature prior to the applicable Interest Payment Date, and use the proceeds received from such permitted government securities, together with any proceeds from the sale of Shares not invested as aforesaid, to satisfy the Interest Obligation, and (d) perform any other action necessarily incidental thereto.

The Indenture sets forth the procedures to be followed by the Corporation and the Debenture Trustee in order to effect the Share Interest Payment Election. If a Share Interest Payment Election is made, the sole right of a holder of Debentures in respect of interest will be to receive cash from the Debenture Trustee out of the proceeds of the sale of Shares (plus any cash amount received by the Debenture Trustee from the Corporation attributable to any fractional Shares) in full satisfaction of the Interest Obligation, and the holder of such Debentures will have no further recourse to the Corporation in respect of the Interest Obligation.

Neither the Corporation's making of the Share Interest Payment Election nor the consummation of sales of Shares will (a) put the holders of the Debentures at risk of receiving on the applicable Interest Payment Date any amount less than the interest payable on such Interest Payment Date, or (b) entitle such holders to receive any Shares in satisfaction of the Interest Obligation.

Subordination

The payment of the principal of, and interest on, the Debentures will be subordinated in right of payment, as set forth in the Indenture, to the prior payment in full of all Senior Indebtedness of the Corporation and indebtedness to trade creditors of the Corporation, including indebtedness under the Corporation's present and future bank credit facilities and any other secured creditors. "Senior Indebtedness" of the Corporation is defined in the

Indenture as the principal of and premium, if any, and interest on and other amounts in respect of all indebtedness of the Corporation (whether outstanding as at the date of the Indenture or thereafter incurred) other than indebtedness evidenced by the Debentures and all other existing and future debentures or other instruments of the Corporation which, by the terms of the instrument creating or evidencing the indebtedness, is expressed to be *pari passu* with, or subordinate in right of payment to, the Debentures. Subject to statutory or preferred exceptions or as may be specified by the terms of any particular securities, each Debenture issued under the Indenture will rank *pari passu* with each other Debenture, to the 2011 5.40% Debentures (as defined herein), the 2012 5.25% Debentures (as defined herein), the 2013 4.75% Debentures (as defined herein), the 2015 5.30% Debentures (as defined herein), the 2015 5.50% Debentures (as defined herein), the 2016 5.20% Debentures (as defined herein), the 2017 5.30% Debentures (as defined herein) and with all other present and future subordinated and unsecured indebtedness of the Corporation except for sinking fund provisions (if any) applicable to different series of debentures or similar obligations of the Corporation. The Debentures will not limit the ability of the Corporation to incur additional indebtedness, including indebtedness that ranks senior to the Debentures, or from mortgaging, pledging or charging its properties to secure any indebtedness.

The Indenture will provide that in the event of any insolvency or bankruptcy proceedings, or any receivership, liquidation, reorganization or other similar proceedings relative to the Corporation, or to its property or assets, or in the event of any proceedings for voluntary liquidation, dissolution or other winding-up of the Corporation, whether or not involving insolvency or bankruptcy, or any marshalling of the assets and liabilities of the Corporation, then those holders of Senior Indebtedness, including any indebtedness to trade creditors, will receive payment in full before the holders of Debentures will be entitled to receive any payment or distribution of any kind or character, whether in cash, property or securities, which may be payable or deliverable in any such event in respect of any of the Debentures or any unpaid interest accrued thereon. The Indenture will also provide that the Corporation will not make any payment, and the holders of the Debentures will not be entitled to demand, institute proceedings for the collection of, or receive any payment or benefit (including, without any limitation, by set-off, combination of accounts or realization of security or otherwise in any manner whatsoever) on account of indebtedness represented by the Debentures (a) in a manner inconsistent with the terms (as they exist on the date of issue) of the Debentures or (b) at any time when an event of default has occurred under the Senior Indebtedness and is continuing and the notice of such event of default has been given by or on behalf of the holders of Senior Indebtedness to the Corporation, unless the Senior Indebtedness has been repaid in full.

The Debentures will also be effectively subordinated to claims of creditors of the Corporation's subsidiaries, except to the extent the Corporation is a creditor of such subsidiaries ranking at least *pari passu* with such other creditors.

Change of Control of the Corporation

Within 30 days following the occurrence of a Change of Control, the Corporation shall make an offer in writing to purchase the Debentures then outstanding, in whole or in part (the "**Debenture Offer**"), at a price equal to 101% of the principal amount thereof plus accrued and unpaid interest (the "**Debenture Offer Price**").

The Indenture contains notification and repurchase provisions requiring the Corporation to give written notice to the Debenture Trustee of the occurrence of a Change of Control within 30 days of such event together with the Debenture Offer. The Debenture Trustee will thereafter promptly mail to each holder of Debentures a notice of the Change of Control together with a copy of the Debenture Offer to repurchase all the outstanding Debentures.

If 90% or more of the aggregate principal amount of the Debentures outstanding on the date of the giving of notice of the Change of Control have been tendered to the Corporation pursuant to the Debenture Offer, the Corporation will have the right and obligation to redeem all the remaining Debentures at the Debenture Offer Price. Notice of such redemption must be given by the Corporation to the Debenture Trustee within 10 days following the expiry of the Debenture Offer, and as soon as possible thereafter, by the Debenture Trustee to the holders of the Debentures not tendered pursuant to the Debenture Offer.

Events of Default

The Indenture will provide that an Event of Default in respect of the Debentures will occur if any one or more of the following described events has occurred and is continuing with respect to the Debentures: (a) failure for 10 days to pay interest on the Debentures when due; (b) failure to pay principal or premium, if any, when due on the

Debentures, whether at maturity, upon redemption, by declaration or otherwise; (c) certain events of bankruptcy, insolvency or reorganization of the Corporation under bankruptcy or insolvency laws; or (d) default in the observance or performance of any material covenant or condition of the Indenture and continuance of such default for a period of 30 days after notice in writing has been given by the Debenture Trustee to the Corporation specifying such default and requiring the Corporation to rectify the same. If an Event of Default has occurred and is continuing, the Debenture Trustee may, in its discretion, and shall upon request of holders of not less than 25% of the principal amount of Debentures then outstanding, declare the principal of and interest on all outstanding Debentures to be immediately due and payable. In certain cases, the holders of more than 50% of the principal amount of the Debentures then outstanding may, on behalf of the holders of all Debentures, waive any Event of Default and/or cancel any such declaration upon such terms and conditions as such holders shall prescribe.

Offers for Debentures

The Indenture will contain provisions to the effect that if an offer is made for the Debentures that would be a take-over bid within the meaning of the *Securities Act* (Ontario) and not less than 90% of the Debentures (other than Debentures held at the date of the take-over bid by or on behalf of the offeror or associates or affiliates of the offeror) are taken up and paid for by the offeror, the offeror will be entitled to acquire the Debentures held by the holders of Debentures who did not accept the offer on the terms offered by the offeror.

Modification

The rights of the holders of the Debentures as well as any other series of debentures that may be issued under the Indenture may be modified in accordance with the terms of the Indenture. For that purpose, among others, the Indenture will contain certain provisions that will make binding on all holders of Debentures resolutions passed at meetings of the holders of Debentures by votes cast thereat by holders of not less than 66 $\frac{2}{3}$ % of the principal amount of the Debentures present at the meeting or represented by proxy, or rendered by instruments in writing signed by the holders of not less than 66 $\frac{2}{3}$ % of the principal amount of the Debentures then outstanding. In certain cases, the modification will, instead or in addition, require assent by the holders of the required percentage of Debentures of each particularly affected series.

No Fractional Shares

No fractional Shares will be issued on any conversion, but in lieu thereof, the Corporation shall satisfy fractional interests by a cash payment equal to the Current Market Price of each such fractional interest.

Book-Entry System for Debentures

The Debentures will be issued in “book-entry only” form and must be purchased or transferred through a participant in the depository service of CDS (a “**Participant**”). On Closing, the Debenture Trustee will cause the Debentures to be delivered to CDS and registered in the name of its nominee. The Debentures will be evidenced by a single book-entry only certificate. Registration of interests in and transfers of the Debentures will be made only through the depository service of CDS.

Except as described below, a purchaser acquiring a beneficial interest in the Debentures (a “**Beneficial Owner**”) will not be entitled to a certificate or other instrument from the Debenture Trustee or CDS evidencing that purchaser’s interest therein, and such purchaser will not be shown on the records maintained by CDS, except through a Participant. Such purchaser will receive a confirmation of purchase from the Underwriters or other registered dealer from whom Debentures are purchased.

Neither the Corporation nor the Underwriters will assume any liability for: (a) any aspect of the records relating to the beneficial ownership of the Debentures held by CDS or the payments relating thereto; (b) maintaining, supervising or reviewing any records relating to the Debentures; or (c) any advice or representation made by or with respect to CDS and contained in this prospectus supplement and relating to the rules governing CDS or any action to be taken by CDS or at the direction of its Participants. The rules governing CDS provide that it acts as the agent and depository for the Participants. As a result, Participants must look solely to CDS and Beneficial Owners must look solely to Participants for the payment of the principal and interest on the Debentures paid by or on behalf of the Corporation to CDS.

As indirect holders of Debentures, investors should be aware that they (subject to the situations described below): (a) may not have Debentures registered in their name; (b) may not have physical certificates representing their interest in the Debentures; (c) may not be able to sell the Debentures to institutions required by law to hold physical certificates for securities they own; and (d) may be unable to pledge Debentures as security.

The Debentures will be issued to Beneficial Owners in fully registered and certificate form (the “**Debenture Certificates**”) only if: (a) they are required to be so issued by applicable law; (b) the book-entry only system ceases to exist; (c) the Corporation or CDS advises the Debenture Trustee that CDS is no longer willing or able to properly discharge its responsibilities as depository with respect to the Debentures and the Corporation is unable to locate a qualified successor; (d) the Corporation, at its option, decides to terminate the book-entry only system through CDS; or (e) after the occurrence of an Event of Default, Participants acting on behalf of Beneficial Owners representing, in the aggregate, not less than 25% of the aggregate principal amount of the Debentures then outstanding advise CDS in writing that the continuation of a book-entry only system through CDS is no longer in their best interest, provided the Debenture Trustee has not waived the Event of Default in accordance with the terms of the Indenture.

Upon the occurrence of any of the events described in the immediately preceding paragraph, the Debenture Trustee must notify CDS, for and on behalf of Participants and Beneficial Owners, of the availability through CDS of Debenture Certificates. Upon surrender by CDS of the single certificate representing the Debentures and receipt of instructions from CDS for the new registrations, the Debenture Trustee will deliver the Debentures in the form of Debenture Certificates and thereafter the Corporation will recognize the holders of such Debenture Certificates as debentureholders under the Indenture.

Interest on the Debentures will be paid directly to CDS while the book-entry only system is in effect. If Debenture Certificates are issued, interest will be paid by cheque drawn on the Corporation and sent by prepaid mail to the registered holder or by such other means as may become customary for the payment of interest. Payment of principal and premium, if any, including payment in the form of Shares, if applicable, and the interest due at maturity or on a redemption date, will be paid directly to CDS while the book-entry only system is in effect. If Debenture Certificates are issued, payment of principal and premium, if any, including payment in the form of Shares, if applicable, and interest due at maturity or on a redemption date, will be paid upon surrender thereof at any office of the Debenture Trustee or as otherwise specified in the Indenture.

DESCRIPTION OF CAPITAL

General

The Corporation is authorized to issue an unlimited number of Shares, of which, as at June 13, 2018, 26,097,807 Shares were issued and outstanding.

Common Shares

Each Share entitles the holder thereof to one (1) vote at all meetings of Shareholders, except where holders of another class are entitled to vote separately as a class as provided by law or the rules of any applicable stock exchange. Subject to the rights of the holders of preferred shares of the Corporation (the “**Preferred Shares**”), of which none are outstanding as of the date hereof, and of any other class of shares ranking senior to the Shares, the holders of Shares are entitled to such dividends as the Directors may declare from time to time, which dividends are payable in money or property or by issuing fully paid shares of the Corporation.

Subject to the prior rights of the holders of the Preferred Shares and of any other class of shares ranking senior to the Shares, in the event of the liquidation, dissolution or winding-up of the Corporation, whether voluntary or involuntary, or any other distribution of assets of the Corporation among its Shareholders for the purpose of winding-up its affairs, the holders of Shares are entitled to receive the remaining property and assets of the Corporation.

Limitation on Ownership

In order to maintain its status as a MIC, the articles of incorporation of the Corporation provide that no Shareholder of the Corporation is permitted to hold at any time, directly or indirectly, either alone or together with a person “related” to the Shareholder (within the meaning of the Tax Act, a “**Related Person**”), more than 25% of any class or series of the issued shares of the Corporation.

In the event that (i) the exercise by any holder of debentures of the Corporation, or (ii) as determined by the Directors in their sole discretion, any other transaction affecting the shares of the Corporation (each a “**Triggering Transaction**”), if completed, would cause any Shareholder(s) (each an “**Automatic Repurchase Shareholder**”), either alone or together with Related Persons, to hold more than 25% of any class of the issued shares of the Corporation, that portion of the shares held by each Automatic Repurchase Shareholder which constitutes in excess of 24.9% of the issued shares of any class or series of shares (the “**Repurchased Shares**”) will, immediately prior to the completion of a Triggering Transaction, automatically be repurchased and cancelled by the Corporation (an “**Automatic Repurchase**”) without any further action by the Corporation or the Automatic Repurchase Shareholder. The purchase price for any Repurchased Shares will be equal to the volume weighted average trading price of the particular class or series of shares for the five (5) consecutive trading days ending immediately preceding the date of the Triggering Transaction. The proceeds of any Automatic Repurchase, net of any applicable withholding tax, will be remitted to each applicable Automatic Repurchase Shareholder at the time of the Automatic Repurchase.

5.40% Convertible Unsecured Subordinated Debentures

On August 23, 2011, the Corporation issued \$22,500,000 principal amount of 5.40% convertible unsecured subordinated debentures (each, a “**2011 5.40% Debenture**”) and on August 31, 2011, the Corporation issued an additional \$3,238,000 principal amount of 2011 5.40% Debentures. Each 2011 5.40% Debenture pays interest at 5.40% per annum, payable semi-annually, and is convertible at the option of the holder at any time up to and including February 28, 2019, at a price of \$14.35 per Share (the “**5.40% Conversion Price**”). Each 2011 5.40% Debenture ranks *pari passu* with each other 2011 5.40% Debenture, and with all other present and future indebtedness of the Corporation except for sinking fund provisions (if any) applicable to different series of debentures or similar obligations of the Corporation. The 2011 5.40% Debentures are subordinated in right of payment to the prior payment in full of all Senior Indebtedness (as defined in the third supplemental trust indenture governing the 2011 5.40% Debentures (the “**Third Supplemental Indenture**”)) and trade creditors of the Corporation and are also effectively subordinated to claims of creditors of the Corporation’s subsidiaries, except to the extent the Corporation is a creditor of such subsidiaries, ranking at least *pari passu* with such other creditors. From August 31, 2014 to February 29, 2016, the 2011 5.40% Debentures were redeemable at the Corporation’s sole option at a price equal to the principal amount thereof, plus accrued and unpaid interest, provided that the current

market price (as defined in the Third Supplemental Indenture) on the date on which any notice of redemption was given was not less than 125% of the 5.40% Conversion Price. Since February 29, 2016, the 2011 5.40% Debentures have been redeemable at the Corporation's sole option at a price equal to the principal amount thereof, plus accrued and unpaid interest. The 2011 5.40% Debentures mature on February 28, 2019. The Corporation may, at its option, elect to satisfy its obligation to pay interest or to pay the principal amount of the 2011 5.40% Debentures upon redemption or at maturity by issuing Shares.

(2) For June 1, 2018 to June 13, 2018.

At the close of business on June 11, 2018, the last day that a trade occurred with respect to the 2017 5.30% Debentures prior to the date of this prospectus supplement, the closing price of the 2017 5.30% Debentures as quoted by the TSX was \$99.40.

PLAN OF DISTRIBUTION

Pursuant to an underwriting agreement (the “**Underwriting Agreement**”) dated June 14, 2018 between the Corporation and the Underwriters, the Corporation has agreed to sell and the Underwriters have agreed to purchase on Closing, all of the Debentures offered hereby at the Offering Price for total consideration of \$25,000,000 payable in cash against delivery of a certificate representing the Debentures. The Underwriting Agreement provides for the Corporation to pay the Underwriters a fee of \$40 per Debenture (or 4.0% of the total gross proceeds of the Offering), being an aggregate commission of \$1,000,000, for their services performed in connection with the Offering, upon completion of the Offering.

The obligations of the Underwriters under the Underwriting Agreement are several and each Underwriter may terminate its obligations at its discretion based upon the occurrence of certain stated events. The Underwriters are, however, obligated to take up and pay for all the Debentures if any of the Debentures are purchased under the Underwriting Agreement.

The Corporation has agreed to grant the Underwriters the Over-Allotment Option, exercisable in whole or in part at any time until 30 days after the Closing, to purchase up to an additional \$3,750,000 principal amount of Debentures at the Offering Price (plus accrued interest from the initial closing of the Debentures to the closing of the issuance of Debentures on the exercise of the Over-Allotment Option) on the same terms as set out above solely to cover over-allotments, if any. The Corporation has agreed to pay to the Underwriters a fee of \$40 per Debenture (or 4.0% of the total gross proceeds of the Offering), being an aggregate commission of \$1,150,000 in the event the Over-Allotment Option is exercised in full. This prospectus supplement qualifies the grant of the Over-Allotment Option and the issuance of Debentures on the exercise of the Over-Allotment Option.

There is currently no market through which the Debentures may be sold and purchasers may not be able to resell the Debentures purchased under this prospectus supplement. This may affect the pricing of the Debentures in the secondary market, the transparency and availability of trading prices, the liquidity of the Debentures and the extent of issuer regulation. See “Risk Factors”. The Corporation has applied to have the Debentures (and the Shares issuable upon conversion, redemption or maturity of the Debentures) listed on the TSX. Listing will be subject to the Corporation fulfilling all of the requirements of the TSX. The Debentures will be listed under the symbol “FC.DB.I”.

Subscriptions for Debentures will be received subject to rejection or allotment in whole or in part and the right is reserved to close the subscription books at any time without notice. It is expected that Closing will be held on or about June 21, 2018, or such other date as the Corporation and the Underwriters may agree upon. The Debentures will be issued in “book-entry only” form and must be purchased or transferred through a participant in the depository service of CDS. See “Description of the Securities Being Distributed”.

This prospectus supplement qualifies the distribution of the Debentures, the grant of the Over-Allotment Option and the issuance of Debentures on the exercise of the Over-Allotment Option.

Pursuant to policy statements of the relevant securities commissions, the Underwriters may not, throughout the period of distribution, bid for or purchase any Shares or Debentures. The policy statements allow certain exceptions to the foregoing prohibitions. The Underwriters may only avail themselves of such exceptions on the condition that the bid or purchase not be engaged in for the purpose of creating actual or apparent active trading in, or raising the price of, the Shares or the Debentures. These exceptions include a bid or purchase permitted under the by-laws and rules of the TSX relating to market stabilization and passive market making activities and a bid or purchase made for and on behalf of a customer where the order was not solicited during the period of distribution. Pursuant to the first mentioned exception, in connection with this Offering the Underwriters may undertake transactions which stabilize or maintain the market price of the Shares or the Debentures at levels other than those which otherwise might prevail on the open market. Such transactions, if commenced, may be discontinued at any time.

After the Underwriters have made a reasonable effort to sell all of the Debentures offered under this prospectus supplement and the Prospectus at the price fixed herein, the Underwriters may subsequently reduce the Offering Price to investors, which Offering Price may be changed from time to time, in order to sell any Debentures remaining unsold. Any such reduction shall not affect the proceeds received by the Corporation.

The Debentures have not been and will not be registered under the *United States Securities Act of 1933*, as amended (the “**1933 Act**”), and, subject to certain exceptions, may not be offered or sold in the United States. The Underwriters have agreed that they will not offer or sell these securities within the United States. Until 40 days after the commencement of the offering of Debentures pursuant to this prospectus supplement and the Prospectus, an offer or sale of the Debentures within the United States by any dealer (whether or not participating in this Offering) may violate the registration requirements of the 1933 Act if such offer or sale is made otherwise than in accordance with an exemption from registration under the 1933 Act.

RELATIONSHIP BETWEEN THE CORPORATION AND A CERTAIN UNDERWRITER

TD Securities Inc. (“**TD Securities**”), one of the Underwriters, is directly or indirectly, a subsidiary or affiliate of a Canadian chartered bank (the “**Bank**”) that is a lender to the Corporation and to which the Corporation is currently indebted under the terms of its revolving credit facility (the “**Operating Facility**”), which is used to fund the operations of the Corporation. See “Use of Proceeds”. The Operating Facility is composed of a term loan and a demand portion for a total aggregate principal amount of approximately \$64.60 million (as of June 13, 2018). On September 30, 2016, the Corporation and the Bank entered into an amending agreement that amended the maturity date of the Operating Facility from September 30, 2016 to September 30, 2017. On September 1, 2017, the Corporation and the Bank entered into a second amending agreement that amended the maturity date of the Operating Facility from September 30, 2017 to September 30, 2018. The indebtedness of the Corporation to the Bank is secured by substantially all of the assets of the Corporation. The Corporation may use the net proceeds of this Offering to repay a portion of its indebtedness to the Bank under the Operating Facility. See “Use of Proceeds”. Consequently, in connection with the Offering, the Corporation may be considered to be a connected issuer of TD Securities for purposes of the securities regulations of certain Canadian provinces and territories. As at the date of this prospectus supplement, the Corporation is in compliance with the terms of its indebtedness and no breach of the Operating Facility has been waived by the Bank. The decision of TD Securities to act as an Underwriter was made independently of the Bank and the Bank has had no influence as to the determination of the terms of the distribution. TD Securities will not receive any benefit in connection with the Offering other than a portion of the Underwriters’ fee payable by the Corporation.

CERTAIN CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

In the opinion of Miller Thomson LLP, counsel to the Corporation, and Gowling WLG (Canada) LLP, counsel to the Underwriters (together, the “**Counsel**”), the following is, as of the date hereof, a summary of the principal Canadian federal income tax considerations generally applicable under the Tax Act to a holder that acquires Debentures as a beneficial owner under this Offering and to a holder that acquires Shares pursuant to a conversion, redemption or repayment at maturity of Debentures acquired by the holder under this Offering. This summary is only applicable to such a holder who, for purposes of the Tax Act and at all relevant times, is resident, or is deemed to be resident, in Canada, holds the Debentures and will hold Shares issuable on the conversion, redemption or maturity of such Debentures as capital property, and deals at arm’s length and is not affiliated with the Corporation and each of the Underwriters (a “**Holder**”). Generally, Debentures and Shares issuable on the conversion, redemption or maturity of such Debentures will be considered to be capital property to a Holder provided that the Holder does not hold the Debentures, and will not hold the Shares, in the course of carrying on a business of buying and selling securities and has not acquired them in one or more transactions considered to be an adventure in the nature of trade.

Certain Holders whose Debentures or Shares might not otherwise qualify as capital property may, in certain circumstances, be entitled to have such Debentures and Shares and all other “Canadian securities” (as defined in the Tax Act) owned by such Holder in the taxation year of the election and all subsequent taxation years deemed to be capital property by making the irrevocable election permitted by subsection 39(4) of the Tax Act. Such Holders should consult their own tax advisors as to whether such election is available and advisable, having regard to their own particular circumstances.

This summary is not applicable to a Holder: (i) that is a “financial institution” (as defined in the Tax Act for purposes of the mark-to-market rules); (ii) that is a “specified financial institution” (as defined in the Tax Act); (iii) an interest in which is or would be a “tax shelter investment” (as defined in the Tax Act); (iv) that enters into a “derivative forward agreement” or a “synthetic disposition arrangement” (both as defined in the Tax Act) in respect of the Debentures or Shares; or (v) who has elected to report its “Canadian tax results” (as defined in the Tax Act) in a currency other than Canadian dollars. Any such Holders should consult their own tax advisors with respect to an investment in the Debentures or Shares. In addition, this summary does not address the deductibility of interest by a purchaser who has borrowed money to acquire Debentures pursuant to this Offering.

This summary is based upon the current provisions of the Tax Act and the regulations thereunder (the “**Regulations**”), taking into account all proposed amendments to the Tax Act and the Regulations publicly announced by or on behalf of the Minister of Finance prior to the date hereof (the “**Tax Proposals**”), and Counsel’s understanding of the current administrative practices and assessing policies published in writing by the Canada Revenue Agency prior to the date hereof. The summary is not exhaustive of all possible income tax considerations and, except for the Tax Proposals, does not otherwise take into account or anticipate any changes in the law, whether by way of legislative, governmental or judicial action, or in the administrative practices or assessing policies of the Canada Revenue Agency, nor does it take into account tax laws of countries other than Canada or any relevant provincial tax legislation or considerations.

This summary does not take into consideration the Tax Proposals announced as part of the Federal Budget tabled on February 27, 2018, which are currently contained in Bill C-74, *An Act to implement certain provisions of the budget tabled in Parliament on February 27, 2018 and other measures*, pertaining to the taxation of private corporations and their shareholders. Each Holder should consult with its own tax advisors for advice with respect to the tax consequences that could arise as a result of such Tax Proposals.

The income and other tax consequences of acquiring, holding or disposing of Debentures and/or Shares will vary depending on the particular circumstances of the holder thereof, including any province or territory in which the holder resides or carries on business. Accordingly, this summary is of a general nature only and is not intended to be legal or tax advice to any prospective purchaser. Consequently, prospective purchasers should consult their own tax advisors for advice with respect to the tax consequences to them of an investment in Debentures, including acquiring Shares issuable on conversion, redemption, or maturity of the Debentures, based on their particular circumstances.

Qualification as a Mortgage Investment Corporation

This summary is based on the assumption that the Corporation will qualify as a MIC throughout its current taxation year and all future taxation years. Counsel has been advised that the Corporation qualifies as a MIC and intends to continue to qualify as a MIC throughout its current taxation year and for all of its future taxation years. **The tax considerations that would apply if the Corporation does not qualify as a MIC would be materially different from those set out herein.** Counsel expresses no opinion as to the status of the Corporation as a MIC.

The Tax Act imposes certain requirements in order for a corporation to qualify as a MIC in a taxation year. These requirements generally will be satisfied by the Corporation if, throughout the taxation year: the Corporation was a Canadian corporation for the purposes of the Tax Act; the Corporation's only undertaking is the investing of its funds and it did not manage or develop real or immovable property; none of the Corporation's property consisted of specified types of foreign property; the Corporation had at all times at least 20 Shareholders; no Shareholder (together with Related Persons, see below) held directly or indirectly more than 25% of any class of the issued shares of the Corporation; certain dividend rights attach to Preferred Shares of the Corporation; the cost amount to the Corporation of certain residential mortgages, deposits and money was at least 50% of the cost amount to it of all of its property; not more than 25% of the cost amount to the Corporation of its property was attributable to real or immovable property or leasehold interests therein; and, in circumstances where at any time in the year the cost amount to the Corporation of its money and certain of its residential mortgages and deposits (such residential mortgages and deposits referred to herein as "**Required Property**") represented less than two-thirds of the aggregate cost amount to the Corporation of all of its property, the Corporation's liabilities may not exceed 75% of its assets (at cost amount). Where, however, throughout the year the cost amount to the Corporation of its money and Required Property represented two-thirds or more of the aggregate cost amount to the Corporation of all of its property, the Corporation's liabilities may not exceed 83.33% of its assets (at cost amount).

For these purposes, "**Related Persons**" (as referred to above) include a corporation and the person or persons that control the corporation, a parent corporation and its subsidiary corporation(s) and corporations that are part of the same corporate group, and an individual and that individual's spouse, common-law partner or child under 18 years of age. The rules in the Tax Act defining "related persons" are complex and Holders should consult with their own tax advisors in this regard.

Taxation of the Corporation

The Corporation is a "public corporation" for purposes of the Tax Act and as such is subject to tax at the full corporate rate on its taxable income. However, as long as the Corporation is a MIC, generally the Corporation is able to deduct in computing its income for a taxation year the amount of its income for that year that is distributed to its Shareholders. As long as the Corporation is a MIC, the Corporation is entitled to deduct in computing its income for a taxation year: (i) all taxable dividends, other than capital gains dividends, paid by the Corporation to its Shareholders during the year or within 90 days after the end of the year, to the extent that those dividends were not deductible by the Corporation in computing its income for the preceding year; and (ii) one-half of all capital gains dividends paid by the Corporation to its Shareholders during the period commencing 91 days after the commencement of the year and ending 90 days after the end of the year. The Corporation must elect to have the full amount of a dividend qualify as a capital gains dividend. The payment of capital gains dividends will allow the Corporation to flow capital gains it realizes through to its Shareholders.

The Corporation has advised Counsel that it intends to pay dividends to the extent necessary to reduce its taxable income each year to nil so that it has no tax payable under Part I of the Tax Act and to elect to have dividends be capital gains dividends to the maximum extent allowable. Counsel can provide no assurance in this regard.

Taxation of Holders of Debentures

Interest on Debentures

A Holder of Debentures that is a corporation, partnership, unit trust or any trust of which a corporation or a partnership is a beneficiary will be required to include in computing its income for a taxation year any interest on the Debentures that accrues (or is deemed to accrue) to it to the end of the particular taxation year (or if the Holder disposes of the Debentures in the year, that accrues or is deemed to accrue to it until the time of disposition) or that

has become receivable, or is received, by the Holder before the end of that taxation year, including on a conversion, redemption or repayment on maturity, except to the extent that such interest was included in computing the Holder's income for a preceding taxation year.

Any other Holder of Debentures, including an individual, will be required to include in computing income for a taxation year all interest on the Debentures that is received or receivable by such Holder in that taxation year (depending upon the method regularly followed by the Holder in computing income), including in a conversion, redemption or repayment on maturity, except to the extent that the interest was included in the Holder's income for a preceding taxation year. In addition, if at any time a Debenture should become an "investment contract", as defined in the Tax Act, in relation to a Holder, such Holder will be required to include in computing the Holder's income for a taxation year all interest (not otherwise required to be included in income) that accrues or is deemed to accrue on the Holder's Debentures to the end of any "anniversary day", as defined in the Tax Act, in that year to the extent such interest was not otherwise included in the Holder's income for that year or a preceding year.

The fair market value of any premium paid by the Corporation to a Holder upon a repayment of Debentures before maturity (as a result of a Debenture Offer made in connection with a Change of Control or otherwise), whether such premium is paid in cash or in Shares, will generally be deemed to be interest received at that time by such Holder to the extent that such premium can reasonably be considered to relate to, and does not exceed the value at the time of payment of, the interest that, but for the repayment, would have been paid or payable by the Corporation on the Debentures for taxation years of the Corporation ending after the date of such repayment.

As described above under the heading "*Description of the Securities being Distributed – Share Interest Payment Election*", the Corporation may elect to pay interest by issuing Shares to the Debenture Trustee for sale, in which event a Holder would be entitled to a cash payment equal to the interest owed to the Holder from the proceeds of sale of such Shares by the Debenture Trustee. If the Corporation were to pay interest in this manner, the Canadian federal income tax consequences to a Holder would not differ from those described above.

A Holder that is a "Canadian-controlled private corporation" (as defined in the Tax Act) may be liable to pay an additional tax, a portion of which is refundable, on certain investment income, including amounts in respect of interest.

Exercise of Conversion Privilege

The conversion of a Debenture into only Shares plus any cash in lieu of a fraction of a Share (described below) pursuant to the Holder's right of conversion will generally be deemed not to constitute a disposition of the Debenture pursuant to the Tax Act and, accordingly, the Holder will not realize a capital gain or capital loss on such conversion. The Corporation does not currently have a rights plan and the previous statement assumes that there is no rights plan in existence at the time of conversion.

A Holder's aggregate cost of the Shares acquired on conversion of the Debentures pursuant to the Holder's right of conversion where the Holder receives only Shares (plus cash delivered in lieu of a fraction of a Share) will be equal to the adjusted cost base of the Debentures converted, subject to the discussion below regarding cash in lieu of a fraction of a Share. For the purposes of determining the adjusted cost base of such Shares, the cost of the Shares will be averaged with the adjusted cost base of all other Shares held by a Holder as capital property immediately before the time of conversion.

Under the current administrative practice of the Canada Revenue Agency, a Holder who, upon conversion of the Debentures where the Holder receives only Shares (plus cash in lieu of a fraction of a Share), receives cash not in excess of \$200 in lieu of a fraction of a Share, may either treat this amount as proceeds of disposition of a portion of the Debentures thereby realizing a capital gain or capital loss, as discussed below under the heading "Dispositions of Debentures", or alternatively may reduce the adjusted cost base of the Shares that the Holder acquires on the conversion by the amount of cash received.

Redemption or Repayment of Debentures

If the Corporation redeems a Debenture prior to maturity or repays a Debenture upon maturity and the Holder does not exercise the conversion privilege prior to such redemption or repayment, the Holder will be considered to have disposed of the Debenture for proceeds of disposition equal to the amount received by the Holder

(other than the amount received or deemed to be received on account of interest) on such redemption or repayment. If the Holder receives Shares on redemption or repayment, the Holder will be considered to have realized proceeds of disposition equal to the aggregate of the fair market value of the Shares so received and the amount of any cash received in lieu of fractional Shares. The Holder may realize a capital gain or capital loss computed as described below under “Dispositions of Debentures”. The cost to the Holder of the Shares so received will also be equal to their fair market value at the time of acquisition, and must be averaged with the adjusted cost base of all other Shares held as capital property immediately before the time of redemption or repayment, as applicable, by the Holder for the purpose of calculating the adjusted cost base of such Shares.

Dispositions of Debentures

A disposition or deemed disposition of a Debenture by a Holder (including upon a redemption, payment on maturity or purchase for cancellation but not including the conversion of a Debenture into Shares pursuant to the Holder’s right of conversion) will generally result in the Holder realizing a capital gain (or capital loss) equal to the amount by which the proceeds of disposition (adjusted as described below) net of any reasonable costs of disposition, exceed (or are less than) the Holder’s adjusted cost base thereof. Any such capital gain or capital loss will be treated, for tax purposes, in the same manner as capital gains and capital losses arising from a disposition of Shares which treatment is discussed below under “Disposition of Shares”.

Upon such a disposition or deemed disposition of a Debenture, interest accrued thereon to the date of disposition and not yet due will be included in computing the Holder’s income, except to the extent such amount was otherwise included in the Holder’s income, and will be excluded in computing the Holder’s proceeds of disposition of the Debenture.

A capital gain realized by a Holder who is an individual or trust (other than certain specified trusts) may give rise to a liability for alternative minimum tax.

A “Canadian-controlled private corporation” (as defined in the Tax Act) that disposes of Debentures may be liable to pay an additional tax, a portion of which is refundable, on certain investment income for the year, including amounts in respect of taxable capital gains (as defined herein).

Taxation of Shareholders

Corporate Dividends

The Corporation may pay a capital gains dividend on Shares. The receipt by a Holder of such a capital gains dividend (whether paid in cash or reinvested in Shares) will be treated as a capital gain of the Holder from a disposition in the year of capital property for the year in which the dividend is received. See below under the subheading “Disposition of Shares” for a description of the tax treatment of capital gains.

The Corporation may also pay taxable dividends (i.e., dividends other than capital gains dividends) on the Shares. Taxable dividends received by a Holder on Shares (whether paid in cash or reinvested in Shares) will be deemed by the Tax Act to have been received by the Holder as interest payable on a bond issued by the Corporation. Shareholders will therefore be required to include in their income as interest all amounts received as, or on account of, any taxable dividends. The amount of a dividend reinvested in additional Shares will be the cost amount of such Shares. The provisions of the Tax Act providing for interest accrual, the gross-up and dividend tax credit in respect of taxable dividends received by individuals from taxable Canadian corporations, and for the deduction generally available to corporations for inter-corporate dividends received, will not apply in respect of taxable dividends. Similarly, the provisions of Part IV of the Tax Act will not be applicable to the receipt of taxable dividends by a corporate Holder.

Where a Holder is a “Canadian-controlled private corporation” (as defined in the Tax Act), capital gains dividends and taxable dividends received on the Shares will be subject to an additional tax, a portion of which is refundable.

Dispositions of Shares

On the disposition or deemed disposition of a Share by a Holder, the Holder will generally realize a capital

gain (or a capital loss) equal to the amount by which the proceeds of disposition in respect of such Share, net of any reasonable costs of disposition, exceed (or are less than) the adjusted cost base of the Share to the Holder. A Holder's proceeds of disposition will not include an amount payable by the Corporation on the Share that is otherwise required to be included in the Holder's income.

For the purpose of determining the adjusted cost base to a Holder of Shares, when a Share is acquired, the cost of the newly-acquired Share will be averaged with the adjusted cost base of all of the Shares owned by the Holder as capital property immediately before that acquisition. The adjusted cost base of a Share to a Holder will be the cost to the Holder of the Share, with certain adjustments.

One-half of the amount of any capital gain (a "**taxable capital gain**") realized by a Holder in a taxation year must be included in computing such Holder's income for that year, and one-half of any capital loss (an "**allowable capital loss**") realized by a Holder in a taxation year must be deducted from any taxable capital gains realized by the holder in the year, subject to and in accordance with the provisions of the Tax Act. Allowable capital losses in excess of taxable capital gains realized in a taxation year may be carried back and deducted in any of the three preceding taxation years or carried forward and deducted in any following taxation year against taxable capital gains realized in such years, subject to and in accordance with the provisions of the Tax Act.

On a redemption or acquisition of Shares by the Corporation (see "*Description of Capital – Limitation on Ownership*"), the Holder generally will be deemed to have received, and the Corporation will be deemed to have paid, a dividend in an amount equal to the amount by which the price paid by the Corporation exceeds the "paid-up capital" (as defined in the Tax Act) of the purchased Shares. This deemed dividend will be treated in the same manner as other dividends received by the Holder from the Corporation (i.e. as interest income or a capital gain depending on whether the Corporation elects that the entire dividend be a capital gains dividend). The balance of the purchase price, if any, will constitute proceeds of disposition of the Shares for purposes of the capital gains rules, as described above.

Alternative Minimum Tax

In general terms, capital gains dividends, paid or payable, or deemed to be paid or payable, to a Holder who is an individual or trust (other than certain specified trusts), and capital gains realized on the disposition of Shares by such Holder, may increase the Holder's liability for alternative minimum tax.

RISK FACTORS

An investment in the Debentures involves a number of risks. Before investing in the Debentures, prospective purchasers should carefully read and consider the risks described below, in addition to those risk factors beginning on page 39 of the AIF, the risk factor set forth in the Prospectus and the risks disclosed in other documents incorporated by reference herein. The business, financial condition and results of operations of the Corporation could be materially adversely affected by any of these risks.

The Debentures are unsecured, subordinated obligations of the Corporation and the likelihood that purchasers of the Debentures will receive payments owing to them under the terms of the Debentures will depend on the Corporation's financial condition and creditworthiness. The Indenture governing the Debentures contains limited covenant protection.

The likelihood that purchasers of the Debentures will receive payments owing to them under the terms of the Debentures will depend on the Corporation's financial condition and creditworthiness. In addition, the Debentures are unsecured obligations of the Corporation and are subordinate in right of payment to all the Corporation's existing and future Senior Indebtedness (as defined under "Description of the Securities Being Distributed – Subordination"). Therefore, if the Corporation becomes bankrupt, liquidates its assets, reorganizes or enters into certain other transactions, the Corporation's assets will be available to pay its obligations with respect to the Debentures only after it has paid all of its senior and secured indebtedness in full. There may be insufficient assets remaining following such payments to pay amounts due on any or all of the Debentures then outstanding. The Indenture does not prohibit or limit the ability of the Corporation to incur additional debt or liabilities (including Senior Indebtedness and secured indebtedness) or to make distributions except in respect of cash distributions where an Event of Default caused by the failure to pay interest when due has occurred and such default has not been cured or waived. The Indenture does not contain any provision specifically intended to protect holders of Debentures in the event of a future leveraged transaction involving the Corporation.

The effect of certain transactions on the Debentures could substantially lessen or eliminate the value of the conversion privilege.

In the case of certain transactions involving the Corporation that could occur in the future, the Debentures will become convertible into the securities, cash or property receivable by a holder of Shares in the kind and amount of securities, cash or property into which the Debentures were convertible immediately prior to the transaction. This change could substantially lessen or eliminate the value of the conversion privilege associated with the Debentures in the future. For example, if the Corporation were acquired in a cash merger, the Debentures would become convertible solely into cash and would no longer be convertible into securities whose value would vary depending on the Corporation's future prospects and other factors. See "Description of the Securities Being Distributed – Conversion Privilege".

The market price for the Shares cannot be assured.

The market price of the Shares may be adversely affected by a variety of factors relating to the Corporation's business, including fluctuations in the Corporation's operating and financial results, the results of any public announcements made by the Corporation and the Corporation's failure to meet analysts' expectations. In addition, from time to time, the stock market experiences significant price and volume volatility that may affect the market price of the Shares for reasons unrelated to the Corporation's performance. There can be no assurance that the market price of the Shares will not experience significant fluctuations in the future, including fluctuations that are unrelated to the Corporation's performance.

Potential Dilution.

The Corporation's articles of incorporation and by-laws allow it to issue an unlimited number of Shares for such consideration and on such terms and conditions as shall be established by the Directors, in many cases, without the approval of the Corporation's Shareholders. Except as described under the heading "Plan of Distribution", the Corporation may issue additional Shares in subsequent offerings (including through the sale of securities convertible into or exchangeable for Shares) and on the exercise of stock options or other securities exercisable for Shares. The Corporation cannot predict the size of future issuances of Shares or the effect that future issuances and sales of Shares will have on the market price of the Shares. Issuances of a substantial number of additional Shares, or the

perception that such issuances could occur, may adversely affect the prevailing market price for the Shares. With any additional issuance of Shares, investors will suffer dilution to their voting power and the Corporation may experience dilution in its earnings per Share.

Distributions.

Although the Corporation intends to make distributions of its available cash to Shareholders in accordance with its dividend policy, which is more fully described in the AIF, these cash distributions are not assured. The actual amount distributed to Shareholders will depend on numerous factors, including but not limited to the Corporation's financial performance, debt covenants and obligations, working capital requirements, composition of the Corporation's mortgage portfolio, availability of mortgage investments and fluctuations in interest rates that impact the aggregate yield on mortgage investments. The market value of the Shares may deteriorate if the Corporation is unable to meet its cash distribution targets in the future, and that deterioration may be material.

Qualification as a MIC.

Although the Corporation qualifies and intends to qualify at all times as a MIC, no assurance can be provided in this regard. If for any reason the Corporation does not maintain its qualification as a MIC under the Tax Act, dividends paid by the Corporation on the Shares will cease to be deductible by the Corporation in computing its income and will no longer be deemed by the rules in the Tax Act that apply to MICs to have been received by Shareholders as bond interest or a capital gain, as the case may be. In consequence, the rules in the Tax Act regarding the taxation of public corporations and their shareholders should apply, with the result that the combined corporate and shareholder tax may be significantly greater.

INTEREST OF EXPERTS

Certain legal matters relating to the sale of the Debentures offered by this prospectus supplement will be passed upon on the Corporation's behalf by Miller Thomson LLP and on behalf of the Underwriters by Gowling WLG (Canada) LLP. As at the date hereof, the partners and associates of Miller Thomson LLP and Gowling WLG (Canada) LLP, each as a group, beneficially own, directly or indirectly, in the aggregate less than one per cent or no securities or other property of the Corporation.

AUDITORS

The auditors of the Corporation are KPMG LLP, Chartered Professional Accountants, Toronto, Ontario. Such firm is independent of the Corporation within the meaning of the relevant rules and related interpretations prescribed by the relevant professional bodies in Canada and any applicable legislation or regulations.

TRANSFER AGENT AND REGISTRAR

The registrar and transfer agent for the Shares is Computershare Trust Company of Canada, Toronto, Ontario.

STATUTORY RIGHTS OF WITHDRAWAL AND RESCISSION

Securities legislation in certain of the provinces of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment. In several of the provinces, the securities legislation further provides a purchaser with remedies for rescission, revisions of the price or damages if the prospectus, prospectus supplements relating to securities purchased by a purchaser and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that the remedies for rescission, revisions of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights or consult with a legal adviser.

Purchasers are cautioned that the statutory right of action for damages for a misrepresentation contained in this prospectus supplement and the Prospectus is limited, in certain provincial securities legislation, to the Offering Price. This means that, under securities legislation in certain provinces, if purchasers pay additional amounts upon conversion of the Debentures, such amounts may not be recoverable under the statutory right of action for damages that applies in such provinces. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of such right of action for damages or consult with a legal adviser.

Original purchasers of the Debentures will have a contractual right of rescission against the Corporation following the conversion of Debentures. The contractual right of rescission will entitle purchasers to receive the amount paid for the Debentures upon surrender of the Shares issued to such purchaser upon conversion of the Debentures, in the event that this prospectus supplement, the Prospectus and any amendment contains a misrepresentation, provided that the right of rescission is exercised within 180 days of the date of the purchase under this prospectus supplement and the Prospectus. This contractual right of rescission is consistent with the statutory right of rescission described under Section 130 of the *Securities Act* (Ontario), and is in addition to any other right or remedy available to purchasers under Section 130 of the *Securities Act* (Ontario) or otherwise at law. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of such statutory right of action for damages or consult with a legal adviser.

ENFORCEABILITY OF JUDGMENTS

Mr. Geoffrey Bledin, a director of the Corporation, resides outside of Canada. Although Mr. Bledin has appointed the Corporation as his agent for service of process, purchasers are advised that it may not be possible for investors to enforce judgments obtained in Canada against Mr. Bledin, even if they have appointed an agent for services of process.
