**CONFIRMATION OF SPECIAL YEAR-END DIVIDEND AMOUNT**

January 9, 2023, TORONTO - Firm Capital Mortgage Investment Corporation (the "Corporation") (TSX: FC) is pleased to confirm that its board of directors has formally declared the previously announced special year-end dividend of \$0.014 per common share. The regular December 2022 dividend and the special year-end dividend, totalling \$0.092 per common share, are payable on January 16, 2023, to holders of common shares of record at the close of business on December 31, 2022.

The special year-end dividend recognizes that the annual income generated in 2022 exceeded the regular dividends. Accordingly, a special year-end dividend is being made to distribute all of the Corporation's net income earned in 2022. The special dividend is not indicative of future performance by the Corporation.

Total dividends paid to holders of common shares in 2022, including the December and special year-end dividends, amounted to \$0.95 per common share.

On December 14, 2022, the Corporation announced that its board of directors has declared monthly cash dividends of \$0.078 per common share (subject to adjustment in the discretion of the board of directors) payable on such dates as are set out below to holders of common shares of record at the close of business on each date as follows:

The Corporation has in place a Dividend Reinvestment Plan ("DRIP") and Share Purchase Plan ("Plan") that is available to its shareholders. Shareholders are reminded that they can participate in the Corporation's Dividend Reinvestment Plan and Share Purchase Plan. Participant shareholders pay no commission for common shares issued from treasury.

**DIVIDEND REINVESTMENT PLAN (DRIP)**

The DRIP allows participants to have their monthly cash dividends reinvested in additional common shares of the Corporation. A 3% discount will only apply if the weighted average trading price, calculated during the five trading days immediately preceding each dividend payment date, is higher than \$14.85.

## **SHARE PURCHASE PLAN**

Once registered with the DRIP, participants have the right to purchase additional common shares, totaling no greater than \$12,000 per year and no less than \$250 per month.

## **ABOUT THE CORPORATION**

### ***Where Mortgage Deals Get Done®***

The Corporation, through its mortgage banker, Firm Capital Corporation, is a non-bank lender providing residential and commercial short-term bridge and conventional real estate financing, including construction, mezzanine and equity investments. The Corporation's investment objective is the preservation of shareholders' equity, while providing shareholders with a stable stream of monthly dividends from investments. The Corporation achieves its investment objectives through investments in selected niche markets that are under-served by large lending institutions. Lending activities to date continue to develop a diversified mortgage portfolio, producing a stable return to shareholders. The Corporation is a Mortgage Investment Corporation (MIC) as defined in the *Income Tax Act* (Canada). Accordingly, the Corporation is not taxed on income provided that its taxable income is paid to its shareholders in the form of dividends within 90 days after December 31 each year. Such dividends are generally treated by shareholders as interest income, so that each shareholder is in the same position as if the mortgage investments made by the Corporation had been made directly by the shareholder. Full reports of the financial results of the Corporation for the year are outlined in the audited financial statements and the related management discussion and analysis of the Corporation, available on the SEDAR website at [www.sedar.com](http://www.sedar.com). In addition, supplemental information is available on the Corporation's website at [www.firmcapital.com](http://www.firmcapital.com).
